jcaseromartinalbo@gmail.com

SKILLS

- Java, HTML, CSS, Javascript, Ajax, PHP, SQL and MySQL.
- Also learning on my own Typescript and some Angular. Also interested in Ionic and MongoDB's Realm.
- English at a C1 level, although I personally think that I need to polish it, especially spoken.
- Fast learner; I can put to use new knowledge rather quickly.
- I enjoy teamwork. It obviously depends on the co-workers, but I genuinely like observing how a project progresses thanks to a team effort.

EXPERIENCE

Field worker - *Temporary worker*

2013 - 2021

- I used to work in the field seasonally, in the summer. My responsibilities consisted of keeping the plants healthy and ready for harvesting, as well as harvesting them when the time came.

Online content and community manager - *Volunteer*

February 2011 - June 2016

- I was a volunteer on an online community dedicated to a MMORPG translating news from English to Spanish (ranging from two to four articles per week), community requests from Spanish to English and sending said requests to the game developers.
- I acted as a Community Manager by keeping said community active, doing contests and keeping a good mood overall.

EDUCATION

- **Juan Bosco, Alcázar de San Juan** - *Development of Web Applications*

  September 2021 - 2023

- **EOI Mar de Viñas, Tomelloso** - *C1 English*

  September 2020 - May 2022

- **Universidad Politécnica de Madrid, Madrid** - *Unfinished Degree on software engineering*

  September 2016 - June 2018

- **Eladio Cabañero, Tomelloso** - *High-school Degree on Science*

  September 2013 - June 2016
